

THAT'S NOT MY BUNNY

That's not my bunny... its tail is too fluffy.

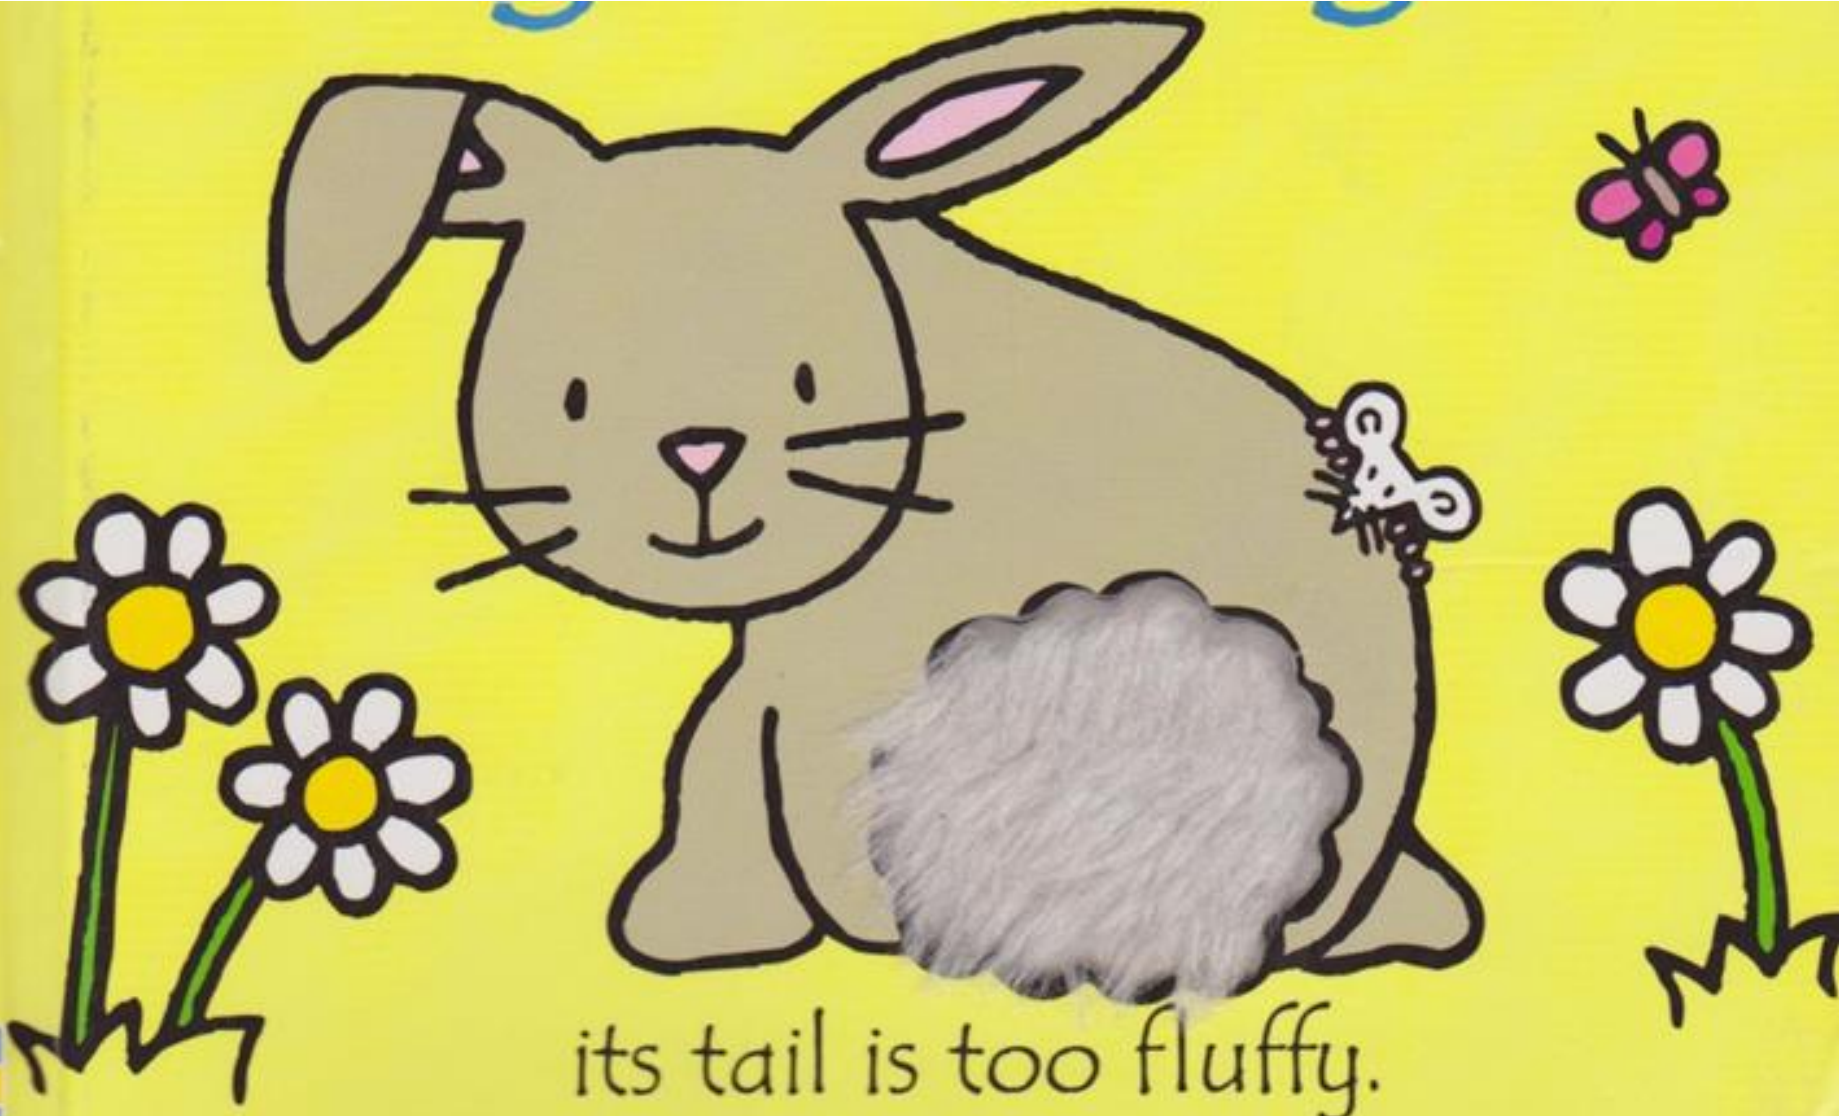

That's not my bunny... its eyes are too shiny.

Touch and stroke all the cute bunnies.

Will you find yours in the end?

This lovely board book from the popular Usborne Touchy-Feely series encourages children to try out simple words and see how their meanings match real objects in the world. The texture patches provide hours of fun and are great for developing hand-eye coordination. Tickle a paw! Touch a cottontail! Feel a furry ear!
